

HANDS LOVE JASOL

From liquid to foam hand care and the latest dispensers, we've got all your hand hygiene needs covered.

For more than 85 years, Jasol has been a respected market leader in the Cleaning & Hygiene Solutions industry throughout Australia. Our locally manufactured hand care range was developed to provide hand care solutions throughout schools, offices, supermarkets, food retail, food and beverage processing sites, commercial kitchens, hospitals

and other health care facilities, light industrial, as well as hotels, bars and restaurants. As a team we're always developing innovative cleaning and hygiene solutions, delivering the right product for every need. We're committed to providing 'HYGIENE FIRST', this speaks to the importance of safety and it's at the heart of everything we do.

Providing hygiene service solutions since 1934

Jasol Hand Care Dispensers

PERSONAL

You'll applaud our stylish and durable, easy to operate dispenser range that suits every hygiene point.

MANUAL

AUTO TOUCH FREE

Manual and Touch Free Dispensers

Stylish & reliable dispensing systems

Highly versatile, both manual and touch free units are made with the same unique mechanism with interchangeable pods so that foam and gel products can be used through the same dispenser. Bottles are replaced when the container is empty and containers are never in contact with air or germs, so integrity is never compromised.

Manual Dispenser 4018291 | Touch Free Dispenser 4018294

Hand Hygiene Solutions

PERSONAL

Because of the unique dispensing nozzle, both dispenser models can accommodate our foam, gel or cream products
