

BUTTERSLIDE

Slip Agent

FEATURES

- Economical
- Effective butter releasing agent
- Safe on stainless steel

AREAS OF USE

- Food processing areas
- Dairies
- Butter factories
- Cheese factories
- Smallgoods manufacturers
- Confectionary factories

DESCRIPTION

BUTTERSLIDE is specifically designed for use in processing equipment in butter factories and related industries as a slip agent. BUTTERSLIDE enhances cleaning and release of all dairy products from equipment surfaces and work areas. This product is safe to be used in food manufacturing and processing areas if used within the recommended use rate.

DIRECTIONS FOR USE

Use BUTTERSLIDE after cleaning equipment with an Alkali Cleaner. Clean equipment with a solution of 5 -20 grams BUTTER SLIDE per litre of hot water. Rinse product contacting surfaces with water after use.

Consult your Jasol Representative for further technical information.

SAFETY INFORMATION

BUTTERSLIDE is classified as Hazardous according to the criteria of GHS.

BUTTERSLIDE is a corrosive substance and classified as Dangerous Goods according to the ADG Code (7th Ed).

BUTTERSLIDE is a Scheduled Poison according to the SUSMP.

Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
