- Spectacular shine
- Fast drying
- Easy maintenance
- Detergent resistant

### AREAS OF USE

- Shopping centres
- Supermarkets
- Restaurants & cafeterias
- Hospitals & nursing homes
- Hotels & motels

### DESCRIPTION

GLAZE REFLECTION is a high solids, metallised, polymer sealer finish designed to provide a brilliant gloss in a minimum number of coats. Suitable for use on all types of vinyl and linoleum flooring. It is a hard finish which can be buffed with both low and high speed machinery. The wet look is obtained with high speed buffing while the gloss is achieved with low speed buffing.

### DIRECTIONS FOR USE

Remove all previous coatings from floor, using floor polish stripper Jasol GLAZE STRIP. DO NOT ALLOW STRIPPER TO DRY OUT ON TREATED AREA. Apply 2 coats of GLAZE REFLECTION with a mop first dampened with water. Allow to dry for up to 30 minutes. Maintain the floor by damp mopping with Jasol GLAZE CLEAN MOP. GLAZE REFLECTION requires minimal maintenance.

CAUTION: During cold weather, allow 2-3 days before buffing.

Consult your Jasol representative for further information.

### SAFETY INFORMATION

GLAZE REFLECTION is NOT classified as Hazardous according to the GHS.

GLAZE REFLECTION is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).

GLAZE REFLECTION is NOT a Scheduled Poison according to the SUSMP.

#### FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (phone 13 11 26)** or a **doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation persists.
