

GLAZE STRIP

Floor Stripper

FEATURES

- Highly concentrated
- Rapid reaction time
- Saves time & effort
- Suitable for most floor surfaces

AREAS OF USE

- Shopping centres
- Supermarkets
- Restaurants & cafeterias
- Hospitals & nursing homes
- Hotels & motels

DESCRIPTION

GLAZE STRIP is an extremely powerful solution for floor stripping. It is very effective for the normal removal of all water emulsion waxes, polymers, acrylics and metal interlock finishes from vinyl and vinyl asbestos tile to concrete, marble and terrazzo floors.

DIRECTIONS FOR USE

Dilute 1:10 with water. Apply liberally to a section of the floor. Allow to react for 5 minutes to loosen polish or until old polish turns white. Machine scrub with a stripping pad and use a 3M doodlebug for inaccessible areas. Pick up slurry, preferably using a wet/dry vacuum cleaner or a wrung out mop. Rinse 2 or 3 times with clean water. Allow to dry then burnish. Remove dust with a dust control mop before applying finish.

Consult your Jasol representative for further information.

SAFETY INFORMATION

GLAZE STRIP is classified as Hazardous according to the GHS.
 GLAZE STRIP is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).
 GLAZE STRIP is a Scheduled Poison according to the SUSMP.
 Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
