

# INSTANT HAND SANITISER

70%(v/v) Alcohol-Based Hand Rub

## FEATURES

- Effective at 30 seconds
- Gentle to skin
- Does not de-fat hands
- Contains emollients
- Fast acting
- Dispensed manually or touch free

## AREAS OF USE

- Public facilities
- Food processing areas
- Domestic use

## DESCRIPTION

INSTANT HAND SANITISER is a clear liquid of neutral pH with a mild alcoholic odour. It has been designed to be used after washing the hands to kill a wide range of pathogenic and food spoilage bacteria and organisms without water, and is, therefore, ideal for use in health care and food processing areas. Kills >99.99% of bacteria providing rapid antiseptics action.

## DIRECTIONS FOR USE

Apply a small amount on to clean and dry hands, rub lightly all over for 30 seconds and allow to dry. No rinsing with water is required and no hand towels or drying is needed. Do not use on broken skin. Ensure full coverage of hands for best hygienic results.

Consult your Jasol representative for further information.

## SAFETY INFORMATION

INSTANT HAND SANITISER is classified as Hazardous according to the GHS.

INSTANT HAND SANITISER is classified as Dangerous Goods according to the ADG Code (7<sup>th</sup> Ed).

INSTANT HAND SANITISER is NOT a Scheduled Poison according to the SUSMP.

Avoid contact with eyes. Keep away from heat/sparks/open flames. Refer to SDS for further details.

### FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre (Phone Australia 13 11 26)** or a **doctor at once**. If swallowed do NOT induce vomiting. Wash mouth thoroughly with water and seek medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation persists.
