

# KLENZALL ADL

## Chlorinated Alkaline Cleaner

### FEATURES

- Easy to use
- Concentrated formula
- Low foaming
- Suitable to automatic dishwashing, CIP and crate washing
- Excellent soil removal properties

### AREAS OF USE

- Food & beverage plants
- Dairy processing plants
- Poultry & egg processors
- Small goods manufacturing facilities

### DESCRIPTION

ADL is a chlorinated detergent designed for dishwashing machines. Its highly concentrated formula comprises alkaline agents and sodium hypochlorite in a low foaming buffer of surfactants. ADL may also be used for crate washing and CIP cleaning.

### DIRECTIONS FOR USE

Place a drum near a dishwasher and connect the input hose. Switch on the machine and allow the feeder to bring the level of wash to a correct detergent concentration of 2-6 mL/L at 60-80°C.

Consult your Jasol representative for further technical information.

### SAFETY INFORMATION

ADL is classified as Hazardous according to the GHS.  
ADL is classified as Dangerous Goods according to the ADG Code (7<sup>th</sup> Ed).  
ADL is a Scheduled Poison according to the SUSMP.  
Avoid contact with eyes and skin. Refer to SDS for further information.

#### FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
