PRODUCT ENQUIRIES

Customer Service: 1800 334 679 jasolcsteam@gwf.com.au

For further information regarding product safety and handling, refer to the Safety Data Sheet and product label.

DESCRIPTION

TITAN is an ultra heavy duty alkaline laundry liquid formulation for use in laundries equipped with electronic dispensing systems. A combination of water conditioners and suspension agents aids in effective soil removal and prevents its re-deposition. Suitable for all laundry classifications.

It should be used with Jasol SURFACTANT CONCENTRATE for a high performance detergent blend.

DIRECTIONS FOR USE

To be used with a dispensing equipment set. Consult your Jasol representative to ensure the equipment operation and settings are correct for individual machines and wash classification.

SAFETY INFORMATION

TITAN is classified as Hazardous according to the GHS. TITAN is classified as Dangerous Goods according to the ADG Code (7th Ed). TITAN is a Scheduled Poison according to the SUSMP. Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26.** If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
